Detail of request:

I would like to request details of all non-medical uses of MRI and CT scanners at NHS hospitals at the Trust during the period January 2006 to April 2007.

Please include details of the item/items scanned, the cost/charge applied for use of the scanner, who used the scanner, the date and times that the scanners were used.

Confirmed with the applicant that the timeframe required is 01/01/06 to 31/03/07.

Detail of response:

I have been informed that the NHS Trust has not used either the CT or MRI scanners for non-medical purposes, during the timescale specified.

As such the remainder of your questions are non-applicable.
