

One in five

**of London's nursing graduates
come from one university.**

Why?

Local training. Your academic training takes place at our Havering and Whipps Cross campuses and your clinical placements at: Barking, Havering & Redbridge NHS Trust Hospitals, Whipps Cross University NHS Trust Hospital and Local Primary Care NHS Trusts.

Variety of entry routes. A career in nursing is a real possibility for those with the right commitment and the appropriate educational qualifications such as NVQs, BTECs, Access Courses, GCSEs or a combination.

Financial support. Courses funded by the NHS. Living cost bursaries and childcare allowances also available (subject to status).

We still have some places available on our Pre-Registration Nursing Courses starting in March, so come along to our open day.

Adult & Children's Nursing Open Day

Saturday 27 January, 11am – 4pm

Queen's University Hospital, Romford

You will be able to talk to academics, attend presentations, learn about student clinical placements, find out about fees and bursaries, have all your nursing questions answered and find out about working for the NHS.
